PhD at CSA, IISc

Mid-Year Admissions 2020-21

www.csa.iisc.ac.in

The Indian Institute of Science is a 110 year old institute and one of the leading institutions for Science and Engineering in the country. IISc is centrally located in a 440 acre lush green campus in Bangalore.
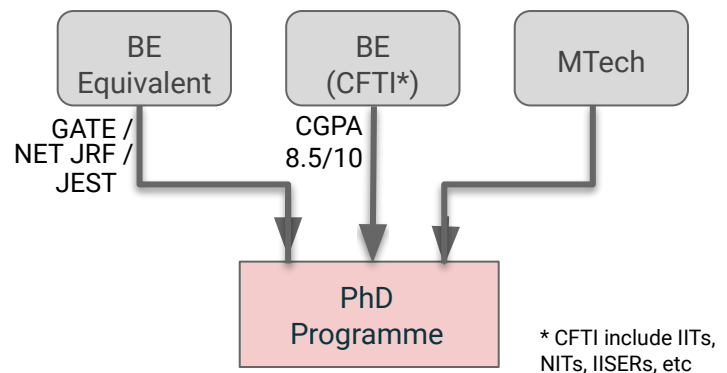

About CSA

The Computer Science and Automation (CSA) department at IISc is one of the top CS departments in the country and the only one from India to figure in the top 100 CS departments worldwide [THE 2021 and CSRankings]. CSA is known for its research groups in the areas of Algorithms and Complexity, Cryptography and Security, Machine Learning, Computer Architecture, and Programming Languages, among others.

Mid-Year PhD Admissions at CSA

CSA invites applications for its PhD Programme. The typical duration of a PhD is 5 years. Students are paid a stipend of Rs 31,000 p.m. for the first two years and Rs 35,000 p.m. thereafter, and are eligible for on-campus hostel accommodation. The mid-year admissions are for the semester beginning in **Mar 2021**.

Eligibility

Students with a BE (or equivalent) with a valid GATE score or from a CFTI with a CGPA of 8.5 and above, or MTech degree holders, can apply. More details at www.iisc.ac.in/admissions.

BE Equivalent — GATE / NET JRF / JEST

BE (CFTI*) — CGPA 8.5/10

MTech

PhD Programme

* CFTI include IITs, NITs, IISERs, etc
