

A Workshop on
“Present and Future Computing System”

12th January 2024 – 15th January 2024

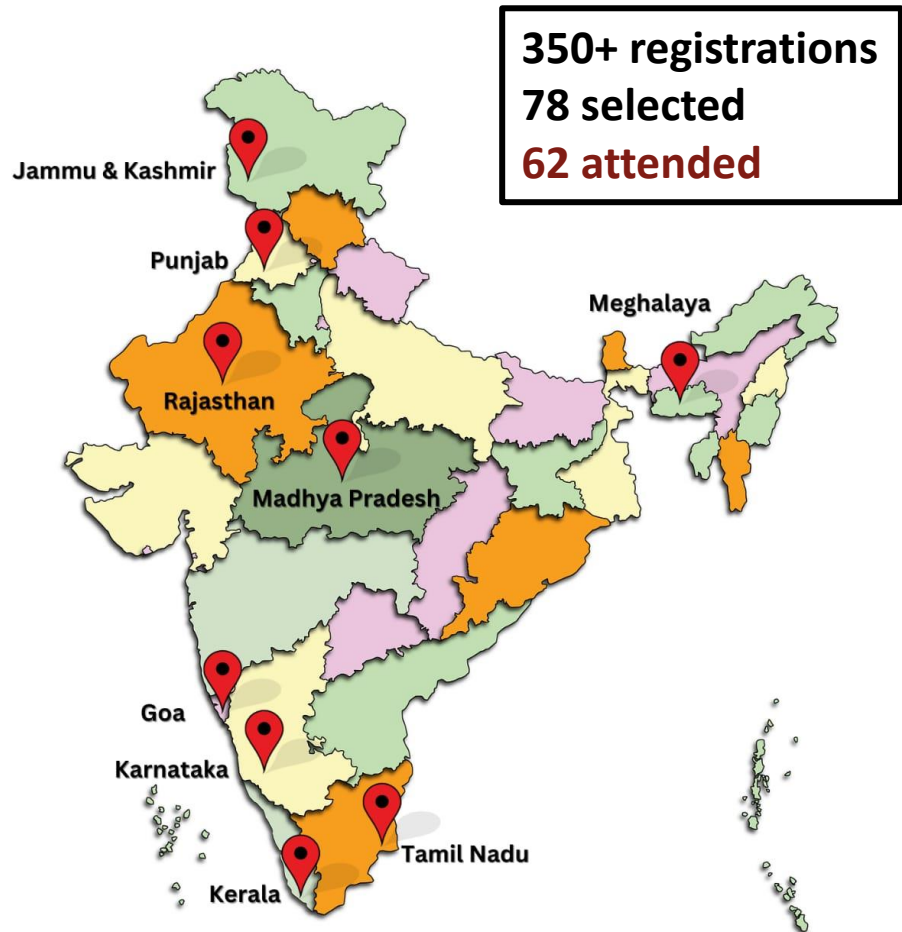

Department of Computer Science and Automation
Indian Institute of Science, Bangalore

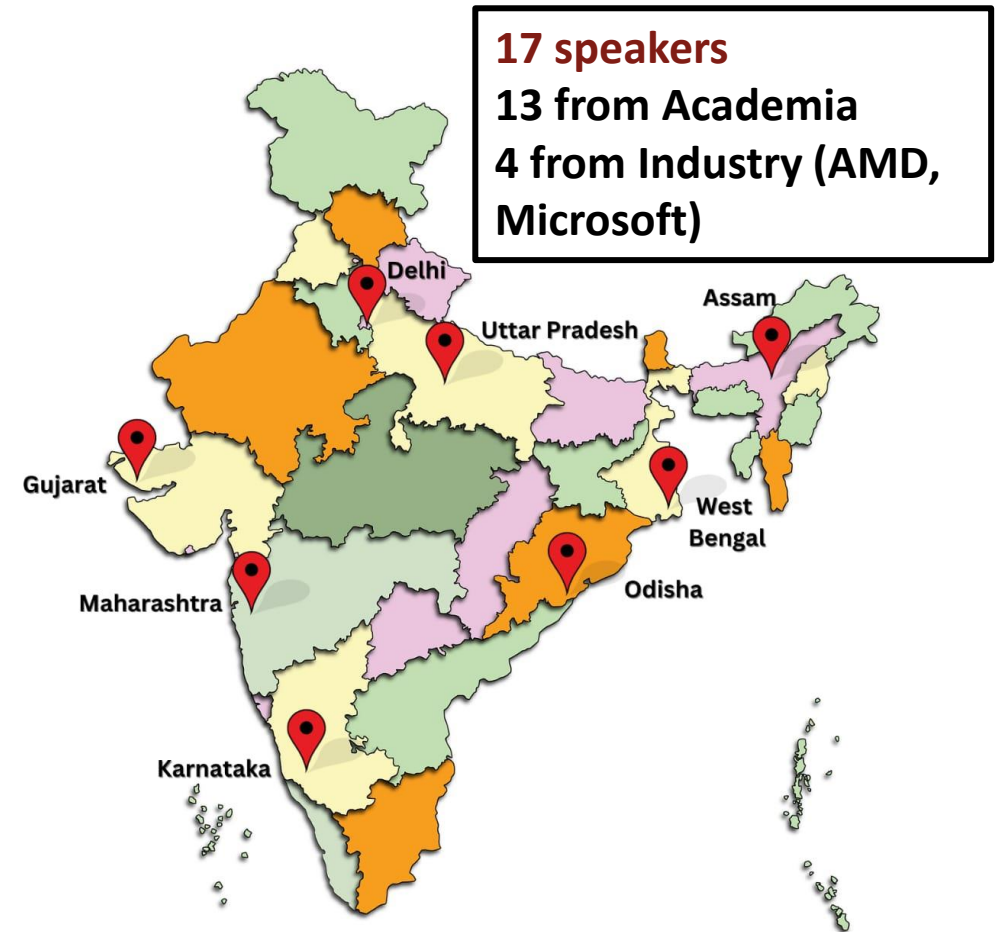

SCOPE OF THE WORKSHOP

- **Target audience:** Currently pursuing (or finished not more than) bachelors or masters or equivalent degree in the field of CS/EE/ECE or equivalent stream
- **Purpose:** The main purpose of the workshop is to make them aware about various exciting research ongoing in the domain of computer systems.
- **Special feature:** There was a hands-on session on DIR-V VEGA processor arranged by C-DAC. Altogether, the attendees received a flavor of research in the domain of computer systems as well as the practical implications of it.
- **Opportunities for the attendees:** Interact with speakers of the workshop. They also interacted with few research scholars who are pursuing research in computer systems at CSA, IISc.

ATTENDEES

SPEAKERS

AGENDA AT A GLANCE

- 12th and 15th January
 - Talks by the speakers
 - Interaction with CSA research scholar
- 13th and 14th January
 - Live demonstration of VEGA by C-DAC
 - Hands-on session on VEGA
- Support
 - One technical/outreach assistant
 - 12 Volunteers (2nd Year Mtech at CSA)

OUTREACH/SOCIAL MEDIA

- Reached out ~20 colleges in and around Bangalore for workshop publicity
 - Visited 3 in-person
- All talks were live on YouTube
 - 1130+ views so far
- 10+ LinkedIn posts from attendees tagging CSA

ATTENDEE FEEDBACK

THANK YOU
